SUMMARY

Software Developer with over 3 years of professional experience specializing in backend development for enterprise-grade applications using Java Spring Boot and PHP Laravel. Proven track record at PT Bisnis Teknologi Manajemen (Bizmann System Singapore) in architecting ERP modules, document management systems, and automated workflows. Experienced in leading international system deployments and conducting on-site user training in Singapore. Highly disciplined with a strong understanding of industrial standards, evidenced by ISO 9001 (Quality) and ISO 45001 (Safety/K3) certifications

WORK EXPERIENCE

Software Developer │ PT Bisnis Teknologi Management (Bizmann System Pte Ltd)

Jan 2021 - Feb 2026

- Enterprise Backend Development: Designed and developed scalable backend solutions for enterprise customers using Java(Springboot) and PHP(Laravel, CI) ecosystems, ensuring high availability and system integrity.
- Workflow Automation: Engineered automated workflow systems to process critical business documents (Purchase Orders, Delivery Orders, Invoices), significantly reducing manual intervention and increasing data accuracy.
- International Deployment: Successfully executed on-site system implementations and user training for clients in Singapore, ensuring systems were production-ready and fully adopted by end-users.
- Data Integration Logic: Designed complex data processing logic (mappers & extractors) to ensure seamless integration between various business systems and databases.
- Database Management: Managed and optimized relational databases (MySQL/PostgreSQL) to support high-volume industrial transactions.

PT MCDERMOTT INDONESIA Batam, Indonesia Web Developer Apprentice

Jan 2019 – Dec 2020

- System Development: Designed and built a web-based Marine Base Warehouse System using PHP Native to digitize inventory management.
- Digital Transformation: Implemented an Internal Audit feature and a strict item borrowing tracking system, allowing for real-time monitoring of asset availability and user accountability.
- Asset Management: Ensured all company assets were recorded digitally and transparently, minimizing the risk of lost items and manual recording errors.
- Performance: Achieved an "Outstanding" evaluation score (Average: 85) for skill application and adaptation to the work environment.

EDUCATION

Bachelor of Computer Science | Universitas Bina Nusantara
Aug 2022 – Present (Final Year)
Current GPA: 3.57 / 4.00
Final Project : Developed Skolabs (LMS), an end-to-end Learning Management System, utilizing modern PHP frameworks to deliver a comprehensive educational experience.

Associate Degree in Computer Engineering | Politeknik Negeri Batam
Aug 2017 – Oct 2020
GPA : 3.57/4.00
Final Project: Developed a digital reporting application (SILAP) used by the institution.

Dear Roy Tamba,

Congratulations on successfully completing the NDG Linux Essentials course in the Cisco Networking Academy. By completing this course you are now prepared to earn the Linux Essentials Professional Development Certificate from the Linux Professional Institute (LPI).

Today's job market is competitive, but the rewards are worth it. With employers reporting they are paying salaries well above company norms, paying out bigger bonuses and offering flexible schedules, there has never been a better a time to have strong Linux abilities. Verifying your skills with a professional certificate can be a great way to stand out from other candidates, by proving you have the technical abilities required for the job. Become a stronger prospect in the job market by pairing our certificate with other industry-recognized certifications such as Cisco Certified Network Associate (CCNA).

Obtaining the Linux Essentials Professional Development Certificate shows that you:

- Understand the Linux operating system
- Have demonstrated the ability to navigate a Linux system
- Can execute the power of the Linux command line
- Possess knowledge of Linux security and file permissions
- Have the motivation to advance your IT career

To help you accelerate your career we'd like to offer you 20% off of the Linux Essentials Professional Development Certificate today. To get started, visit:
https://www.lpi.org/netacadLE

We hope you'll continue your Linux studies with the NDG Introduction to Linux I course. This course prepares you for the LPIC-1 101 Exam, the first of two towards the LPIC-1 Linux Server Professional certification from the Linux Professional Institute (LPI). The LPIC-1 certification will show you have the in-demand Linux skills that employers are seeking.

Again, congratulations and we wish you continued success!

Sincerely,

G. Matthew Rice
Executive Director
Linux Professional Institute

Verifying the certificate holder

These images were taken at random intervals during the test session.

For further verification of this certificate holder, please visit **englishscore.com/verify** and enter this certificate's **unique code 9a634f82**

Understanding the EnglishScore

323

EnglishScore

Pre-A1	A1	A2	**B1**	B2	C1

CEFR level

0	4	4.5	5	5.5	6	6.5	7	7.5	8

Compare CEFR to IELTS®*

At this CEFR level you:

understand the main points of clear, standard speech on familiar topics such as work, school and leisure, as well as the main point of radio and TV programmes on current affairs or topics of personal or professional interest;

understand texts using simple, everyday language related to familiar matters or work and personal letters describing events, feelings and wishes;

use common grammatical structures to describe experiences and events, dreams, hopes and ambitions or to relate the plot of a book or film, as well as give reasons and explanations for opinions and plans.

*These charts can only be used as approximate comparisons and cannot be considered evidence of actual or expected IELTS® scores.
